Sweden is the second most innovative country in the world with only 10 Million population! This success is not a coincidence! Would you like to continue your education in such a country and take your international career one step further?

Do not miss this opportunity to meet the Swedish Institute representatives from Sweden, to get information about +1000 English programs at Swedish Universities and the Swedish-Turkish Scholarship Programme which is given only to Turkish citizens by the Swedish Institute. The scholarship is open for studies and research within social sciences and covers both education and living expenses! We look forward to meeting you in our seminar!

Sweden stands out of the crowd with below facts;

- Number 2 at the higher education system in the world (Universitas 21)
- Number 1 in the world for English proficiency amongst non-native speakers (English 2015 EF Ranking)
- Brands like Ericsson, Volvo, IKEA, Tetra Pak, H&M, Spotify, Electrolux, Skype, Absolut Vodka, Saab are from Sweden
- Number 2 in the world for innovation (Global Innovation Index 2016)
- Number 3 in the world for quality of life (OECD Better Life Index)
- Number 1 in the EU for gender equality (EIGE Index)
- Sweden is home to the Nobel Prize, the world’s most prestigious academic excellency award.
- Sweden stands out with environmental technologies and sustainable solutions: 99% of all waste in Sweden is recycled and turned into energy.

Advantages of being a student in Sweden;

- All students have a right to work “without any time limit”.
- Most Swedish universities do not require IELTS / TOEFL exams during master applications from students who study a bachelor degree 100% in English
- Students, who are enrolled to a program lasting at least 2 years, are eligible for the same health rights as Swedish citizens and can attend free Swedish courses.
- Work Opportunity in Sweden upon graduation: If you want to find a job and get a work permit after graduating from a Swedish university can apply for ‘after studies permit’ in Sweden for 6 months so that you can search for a job or open up your own company!
- Swedish Institute, which is a Swedish State Agency, offers 100% scholarship opportunities for Master’s programmes, as well as support for PhD and postdoctoral visits. The scholarship is available only for studies and research within the field of social sciences or academic disciplines related to sustainable social development.
- Along with the state scholarship program, all Swedish universities offer scholarships for undergraduate and graduate programs at all universities in Sweden!

If you want to learn more about the education opportunities in Sweden, you are all welcome to our seminar!
